## **What is InMail?**

InMail is more than just a regular voicemail box. Packed with powerful business features, this is a solution to make keeping up to date easier than ever.

## **A record for when you need it**

Using Conversation Recording, you can keep track of important discussions. Recordings can be emailed to colleagues and stored for quick reference.

## **Keep your customers and colleagues up to date**

Whatever you're up to, you can have the right recorded message to match.

With three Personalized Greetings, you can select them depending on your availability or the time of day. For example, announce if you are out of the office, on annual leave, and even suggest an alternative contact.

## **Never miss another message**

With Message Notification to your desk phone, home office or mobile phone, you can monitor your mailbox effortlessly wherever you are. You can even choose to receive email notification with the message included as an audio attachment.

**“Voicemails can be accessed from system phones, mobiles and even email inboxes”**
